## Dove Self Esteem Workshops

This week 2 projects have come to our school to present thought-provoking sessions to our students. On Tuesday 13 October the Dove Self- Esteem workshops gave students in Years 8-12 the chance to find out how “ideal” images of beauty are created and to build confidence in their physical appearance. Some Yr 11’s said “The way that person in the media looks is fake” and “You can be yourself because we are all different and beautiful in our own way”.

The Chain Reaction Theatre Company came on Thursday 15 October and performed a play about smoking to Year 8 and 9. The lively production used a mix of music, song and sketches to tell the story of Dorothy Gale, who works for the Coughman’s Cigarette Conglomerate and how she discovers facts about smoking and cigarettes in relation to personal health, the environment, the developing world, economics and advertising. Students enjoyed the entertaining show and then took an active part in the drama workshops that followed.

## Mossbourne Experience

Since the beginning of the Autumn term 2014 Lorell from the current Year 11 has been experiencing what it is like to attend a mainstream school for selected lessons. Last year she attended Mossbourne Academy on Tuesday’s and Thursday’s to undertake PSD lessons and this year she is attending the Academy on Friday’s to continue with PSD. She would like to increase her experience by undertaking lessons in either English or ICT.

Lorell has really enjoyed her experience - she likes how the students get on with their work, she feels that the pupils and staff have been really welcoming towards her and they have made her feel a part of their class.

In the last year Lorell has become an independent traveller and travels to and from her home by herself. She has proved that she knows what to do in an emergency - at the beginning of September her bus got caught up in a traffic jam which had been caused by an accident at Stamford Hill. Lorell called her father and asked him to call school to inform us that she wouldn’t be in school as all buses were being re-routed. She proved that she can make the right decisions when things happen that are out of her control. Well Done Lorell!
