HACKNEY TEACHING
& SCHOOLS' ALLIANCE

The **Hackney Teaching & Schools' Alliance** is a collaborative and supportive partnership of 16 **nursery, primary, secondary, alternative provision** and **special** schools, each with a proven track record of success. We are steered by 4 schools from different age phases: **Clapton Girls' Academy, Kingsmead Primary School, Stormont House** and **Millfields Community School**. We work to improve the quality of teaching and leadership through effective collaboration and personalised support. Our well-embedded, high-quality **professional pathway** enables staff to progress from **Initial Teacher Training** all the way through to **Senior Leadership**, with support every step of the way. **HTSA** members also have access to:

- **Conferences** with top keynote speakers
- An active headteachers' **network**
- Collaborative **projects** and **competitions**
- Information and opportunities **sharing**
- A friendly, supportive group of schools with a focus on **staff wellbeing**.

*The HTSA Partnership Group is always my **first port of call** when I face a challenge. I really value working together and supporting each other in our different contexts and educational settings.*
