WELCOME TO OUR WORKSHOP GLOSSARY FOR 12 – 14-YEAR-OLDS.

Workshops	What it’s about	Skills you’ll gain
Edit your own magazine	What does it take to edit a magazine? Work in London College of Fashion studios to style, direct, shoot and edit a cover for your very own cool east London magazine.	Styling, photography and build a mini digital portfolio.
Design a New Pavilion	Pavilion are where architects stretch their creativity! In this workshop you will design and model a new pavilion design for the Park.	Sketching, digital designing and play with craft modelling.
Create your own Dance Piece	Join Sadler’s Wells for 5 days of creation and exploration in our new home in Stratford! Do you enjoy dancing? Have you ever thought about creating your own choreography? Whether you're interested in discovering different dance styles, ways to create movement, or how to include different art forms within dance- Everyone is welcome!	Dancing, spoken word and boost your confidence through movement.
Everyone is an Artist	From cyanotypes and expressive drawing to bold textile weaving and recycled sculpture, participants will experiment with new techniques, materials, and ideas in a fun, supportive environment.	From cyanotypes and expressive drawing to bold textile weaving and recycled sculpture, participants will experiment with new techniques, materials, and ideas in a fun, supportive environment.
Social Enterprise for a Day	Take part in learning business planning, pitching (think dragons den style), all focused on issues they identify in their communities.	Branding and turn stories into social action projects.
The Wildlife project: Make it wild	Discover the secret life of bugs, birds and wild critters.	Combine art with eco-science – used recycled materials to build – learn about habitats and biodiversity
Future Founders Hackathon	Are you ready to spot a real-world problem and turn it into the next big idea? Join a team, spark your creativity, and take on the ultimate challenge. Just your brain, your voice, and your imagination. Winners get bragging rights and cool prizes!!!	Identify a real-life problem and turn it into a simple business idea
Produce your own Radio Show	Opportunity to go beyond just listening to the radio – you'll learn how to create it! Get ready to unleash your potential and discover the exciting world of audio production.	Audio recording, technical skills and share compelling ideas through sound.
Summer Skate Smart Academy	Ready to roll into summer? The Summer Skate Smart Academy is where movement meets mindset – a high-energy experience blending roller skating, leadership, and youth-led enterprise into one unforgettable journey	Develop foundational/advanced roller-skating skills and build resilience through team-based skating games while fostering a sense of belonging.
Hip Hop Connection	Dance to the rhythm! Learn new styles, moves and hip-hop routines	Build rhythm and control – Choreograph fun routines – shine on stage with confidence.
