

 
Getting the train

 Sometimes  I  need to  get the train  to go to  school or

 to visit  places.  To get on the  train,  I  have to go to the

 train station.  When I  get the train,  I  will check what

 platform  I  have to go to to  get on my  train.  I will

 go to the  platform to  wait for the  train to  arrive.  Sometimes

 the train  might be  late and  I  will have to wait for it.

 This is ok.  I  will wait for the  train to  arrive at the

 platform.  When I  am waiting for the  train,  I  must make

 sure  I  am stood behind  the yellow line  for my  safety.  When

 the train  stops the  platform,  I can press the button to

 open the door and  get on the  train.

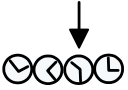

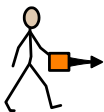

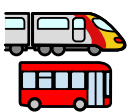

changes:

- The train is delayed or cancelled

- The station is closed

- The train terminates before your stop
