Thank you, Young Hackney!

Young Hackney's Health & Wellbeing Team have been working closely with us this year, holding advice and information Drop-Ins on a range of topics at break time every couple of weeks. These are well attended and Lisa and Rachel are doing a brilliant job at engaging students on a range of topics connected with mental health & wellbeing: fun activities during the holidays; relationships; peer pressure; bullying; body image; LGBTQ+ issues; handling stress and rejection, and more.

The team have also been delivering sessions to our students in the classroom, too: a workshop on 'Puberty' for our Year 7s, and on 'Relationships' for our Year 10s and (later in the term) for our Year 9s.

There's also support for parents and carers. Don't miss the **"Online Safety & Privacy with a focus on Sleep & Screen Time Management"** session next week - delivered online - on **Wednesday, 16th March, 2022 - 3:45pm-4:15pm**. As well as information and advice, this is an accredited session. It will help us if you would confirm your attendance at this session, please call Stormont House School: 0208 985 4245.

Visual support to help with talking about the school day with your child

Talking to your child about their day at

school:

We understand this can be difficult. Your child's communication may be impacting on this, they may find open questions difficult to understand or they may find it hard to give more detail.

When asking about their day, try and focus on one thing e.g. "tell me one thing you enjoyed at school today?" or if you know a lesson they had "tell me about your English lesson today"

Use the prompts attached to ask more specific questions, point to the question you are asking to support their understanding.
