## Thank you

Thank you again to everyone for engaging in video or phone calls with form tutors this week. Please find attached paper copies of the work for w/c 18.01.2021 for students to do in addition to their daily calls with their form tutors. There is also a huge variety of work being set by teachers on teams.

## Things to look out for:

This week is staying very similar to last week in format. Students will be on Teams calls with their tutor in the morning and the afternoon. Look out for more information being sent round this week about a change in the timetable for next week as we look to offer more live lessons!

# REMOTE EDUCATION 10 TOP TIPS FOR PARENTS

## 1. TAKE AN ACTIVE INTEREST IN YOUR CHILD'S LEARNING

As a parent or carer, your school may have explained how remote education works already, but children may still need help. Take an active interest in their learning and help support them whenever they need a helping hand.

## 2. MONITOR YOUR CHILD'S COMMUNICATION AND ONLINE ACTIVITY

It's important to remind your child that despite being at home, the same level of behaviour and conduct exists as if they were at school. Encourage them to remain polite, remember their manners and not to post or send any negative comments just because they are behind a computer.

## 3. ESTABLISH A DAILY SCHEDULE AND ROUTINE

Working from home and trying to learn in a more casual setting that children might associate more with play and a degree of freedom might take a bit of getting used to. Try to stick to a daily routine and use the timetable/schedule that schools have sent home to help children keep on top of their daily learning.

## 4. ENCOURAGE SCREEN BREAKS AND PHYSICAL ACTIVITY AWAY FROM DEVICES

Remote learning will inevitably require more interaction with computers, laptops and tablets. Teachers will invariably advise on screen breaks: however, it doesn't hurt to keep a check on their time online or encourage them to get some fresh air/exercise.

## 5. ENSURE YOUR LEARNING DEVICE IS IN PUBLIC SPACE IN THE HOME

It's important to consider where your PC or laptop is placed if live video is being used. Try to keep the background neutral, with no personal information visible and move learning devices out of the bedroom as this could be deemed inappropriate.

## 6. IMPLEMENT SAFETY CONTROLS AND PRIVACY RESTRICTIONS ON APPS AND SOFTWARE

Dependant on how your school implements remote education, your child may be required to download certain software or apps. Whilst these are likely to be relatively safe to use, like any other new app or platform, parents should still implement safety controls as a precaution.

## 7. ENSURE YOUR CHILD ONLY USES OFFICIAL SCHOOL COMMUNICATION CHANNELS

It's important that all communication with teachers and school staff is directed through approved school channels, whether that be through the school's online portal or the relevant secure messaging site.

## 8. FAMILIARISE YOURSELF WITH RELEVANT SCHOOL POLICIES

Schools should have a policy on remote education that they can share with parents. Familiarise yourself with this and ensure you know what is expected of teachers and your child during lessons, both online and offline.

## 9. MAINTAIN FEEDBACK WITH TEACHERS

Engage in communication with teachers where possible, and try to feed back progress and development as well as any helpful suggestions around the learning process. Be transparent but remain professional and only use official channels to communicate.

## 10. MONITOR YOUR CHILD'S WELLBEING AND MENTAL HEALTH

Remote education will likely mean that your child won't get the same level of social interaction and might not see their friends for a while. Keep a check on their wellbeing and try to encourage them to get out as much as they can. Whilst learning from home might seem fun and exciting to start with, missing out on seeing their friends every day might take its toll.

## Home learning Curriculum week commencing 18/1/2021

This work is being sent on paper and being set electronically on Teams. Feedback can be given if the work is done on Teams, or done on paper and a picture is uploaded to Teams.

	English	Maths	Science	Art	PE	PSD	ES	Humanities	ICT	Music
7Mu	Book Review	Fractions	Describing Animals	Aboriginal Art	Sit Up exercise	Special to me	Bird watching and fresh air	World Maps	Technology in the home	Sharing Music
