### ✓ How will we know when we're successful?

#### Preparing for Adulthood

The overwhelming majority of students successfully

- 1. Achieve a broad range of appropriate accreditation outcomes as they progress towards ambitious 'Preparing for Adulthood' EHC Plan outcomes
- 2. progress from Key Stages 4 and 5 with clear evidence over time that progression leads to higher levels of study and/or employment
- 3. participate in at least one successful residential school journey, work experience placement, and external sporting/public performance event

#### Visible Learning

- 1. Teachers systematically evaluate their impact, using research, data and professional development to improve the quality of teaching and learning
- 2. Learners progressing from Key Stage 2-4 match or exceed previous 'outstanding' cohorts despite accreditation changes, and maintain or increase their rate of progress in Maths and English
- 3. Learners consistently demonstrate a range of visible learning dispositions, in particular being 'assessment capable'
- 4. Teachers are confident in their baseline assessments of learners and use data regularly to evaluate progress and to reshape their own practice in light of it

#### Well-Being

- 1. Evidence that all students' voices are developed, captured and responded to.
- 2. Staff awareness of mental health issues consistently leads to appropriate support
- 3. Attendance is significantly higher than special school averages and comparable to secondary mainstream, with minimal unauthorised absence
- 4. High staff morale evidenced through positive engagement in and feedback on CPD,

line management, appraisal, wellbeing events and surveys

### Parent/Carer Priorities

The large majority of parents/carers report that they are well-informed on what their child is learning, how well they are doing and how to help them at home

### **Student Priorities**

The Smart School Council priorities are systematically responded to, their evaluations of progress are positive, and improvements are achieved in a timely manner

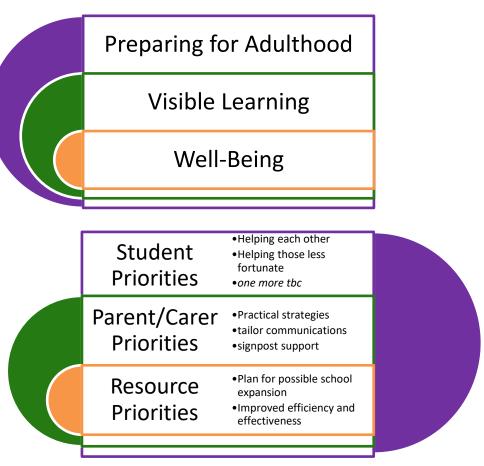

### **External Evaluations and Wider Impact**

- 1. Quality of Education remains outstanding and continues to improve (SIP/Ofsted)
- 2. Resources are deployed efficiently and effectively to achieve school priorities
- 3. High-quality safeguarding and SEN processes are externally quality-assured
- 4. Effective practice in leadership; teaching & learning; interventions and SEN systems is systematically shared within and beyond the school
