## Step Into Dance - Step Together

As part of the partnership between the Jack Petchey Foundation and the Royal Academy of Dance, the 'Step Into Dance' programme was launched in 2007. Stormont House was invited to take part in the 'Step Together' initiative where we were invited to a workshop at the Jack Petchey Academy to dance alongside students from the academy.

Mr Hajdrych felt that the dance workshop went very well, he felt that our students took an active part during the session and joined in well with the Petchey students. Mr Hajdrych received lots of praise from dance instructors, they highlighted our pupils good behaviour and their creativity. Well done to Year 7.

## Healthy Teeth Programme

As part of the 'Healthy Teeth Programme' we are being visited by the Community Dental Service from Barts Health Community Health Services Division. The programme is about preventing tooth decay in children. The dental team will be applying a fluoride coating to your child's teeth which will help to strengthen and protect their teeth from cavities.

Letters were sent out 2 weeks ago to invite parents / carers to include their child in the programme. If you haven't yet responded and would like your child to be seen by the dentist please contact Mrs Napier.

## Flu Immunisation

On Friday 6 November and Friday 13 November the Community Hospital team that are linked to Stormont House are in school to undertake Flu vaccinations. Mrs Napier will be sending out permission letters next week, if you would like your child to receive the vaccination please return the form as soon as possible. If you need any further information please contact Mrs Napier on the school number.
